

Sallustio Andrea, Italy

I was born in Rome the 5th of November 1968 and I am married with 4 children. I received a degree in Economics at Luiss University cum laude, and after one year in Sara Lee Personal Products I entered RAI spa (Italian state broadcaster) in 1994.

After working in various departments (management accounting, real estate, regional and foreign offices), I'm deputy Director of TV Production since 2017.

I've followed harness racing since I was a child, as my father has owned racehorses since 1970.

I've got my amateur driver license in 1993, in 2011 I won the Italian Championship. I'm addicted to fishing and I'm planning to go fishing in Florida before or after the championship!
