

Dein Spriggs, President
Florida Amateur Driving Club

Dear Mr. Spriggs,

I am sure you are familiar with us by now. We had such an awesome year (our first year!) and are looking forward to 2014. We have taken in many Standardbreds (four at last count) from the Pompano Racetrack and they are amazing horses. We have also rescued two Standardbreds from other areas that are lovely horses too. We have been very successful at adopting them into their new homes and they are well loved and cared for and ready for their second career.

We take in horses from other areas in South Florida. Due to the downturn in the economy and the high cost of maintaining horses we have seen an increase in animal abuse. We are seeing more and more starving, sick and abandoned horses in Broward and Miami-Dade Counties. Our objective is to rescue these horses and provide them with a safe, clean environment and supply them with the food and care they need to bring them back to good health. We then work diligently to place them into their Forever Homes.

Your donation in March aided us in achieving our goals. Without the continued support of all our generous donors, these horses will continue to suffer. We cannot thank you enough.

Your commitment to helping homeless, abused or neglected horses is appreciated by those who help them and, most importantly, by the horses. We invite you to take a tour of our farm and meet some of the staff and horses. I am available to set up a tour for you or to answer any questions you may have. Don't hesitate to call me at (954) 240-6080. We are proud to show off our facility and have our supporters meet the animals we serve with the help of your generosity. Meanwhile, we will keep you updated on the horses through our website (www.PeacefulRidgeRescue.com) and our Facebook Page.

Thank you for partnering with us in our attempt to raise funds for the welfare of our hurting equines.

Sincerely,

A handwritten signature in black ink that reads 'Victor Cutino'.

Victor Cutino
President

Manners of Donations Available

Monetary

Our average monthly feed bill is \$544. Just one bag will feed a horse one week! One bag of feed costs approximately \$20.

Our average monthly hay bill is \$1,088. That is 64 bales of hay! Just 2 bales of hay will feed a horse for almost 2 weeks! One bale of hay cost approximately \$18.

Unfortunately most of our rescues have been neglected and they need immediate dental treatment. They cannot get the nutrition they need from their food if their teeth hurt or are too long! Dental treatments average \$75.

Horse's hooves grow and grow and grow. They can become painful and rotted and we work with the farrier constantly to fix issues caused by neglected hooves. Our horses get a trim every 6 weeks if they are healthy but sometimes they are so overgrown the farrier has to conduct extra treatments to get them healthy again. A trim is only \$25.

Some of our rescues need major veterinary care and some just need their shots updated. Our dream is to rehome happy, healthy horses and our veterinarians are the key to making this a reality. The average bill for shots and a check-up is \$175.

Supplies

Safe Choice Feed	Vet Wrap	Bute	Farrier Barrier	Pitchforks
Hay	Gauze pads & Cotton	Fly Spray	MTG	Wheelbarrows
Shavings	Furozone ointment	Banamine	Rags & Towels	Halters & Leads
